## Welcome to Magis 2022 in Croatia

MAGIS was originally a summer event attached to the World Youth Day meetings and from this developed year by year in different parts of Europe and the world.

It is organized by jesuits and collaborators to inspire groups of young people who desire to experience God, belong to community and live their purpose more and more. That's the spirit of magis: whatever gives you more purpose, what takes you more to God, just live it!

A MAGIS event usually consists of two parts: Ignatian experiments in smaller groups (12-25 people) and the Festival at the end, which unites all MAGIS participants. This year it will take place in Croatia. So be sure to take your time, plan your trip and have an adventure with God among people and beautiful nature He created just for You.

Experiments designed to challange the change in you and local community will be held from 24th to 29th of July all over Croatia from Dubrovnik to Osijek. We'll gather for the Magis festival in Split from 29th to 31st of July.

Lets celebrate saint Ignatus Day together and give thanks for the past 500 years of our ignatian family.
